

Product Engineer – Zalau

TenarisSilcotub

Candidatul Ideal

Location: Zalău, Romania

Department: Industrial & Process Technology

Descrierea jobului

What You'll Do

Your work will be impactful and varied. As a Junior Product Engineer, you will:

- Analyze and solve dimensional and mechanical property challenges, proposing innovative solutions.
- Develop new specialized products to meet and exceed customer quality expectations.
- Ensure product excellence by identifying problems, implementing corrective actions, and driving continuous improvement.
- Collaborate with commercial teams to evaluate offerings, assess investments, and support equipment needs for new projects.

Are you a driven and innovative mechanical or metallurgy engineer eager to make your mark? We're looking for passionate individuals to join our dynamic team and thrive in an exciting environment where technical expertise and creativity intersect.

As a Junior Product Engineer, you'll play a pivotal role in analyzing technical feasibility, developing groundbreaking products, and enhancing manufacturing processes. Your skills and enthusiasm for process improvement will help shape the future of industrial and process technology

Why Join Us?

At our company, you'll find more than just a job - you'll discover a supportive community and countless opportunities to grow. Here's what we bring to the table:

- A collaborative work environment where teamwork and mutual support drive success.
- Continuous feedback and a personalized career development plan tailored to your ambitions.
- Recognition and rewards for your hard work, dedication, and results.
- A focus on your well-being with a range of flexible benefits and perks designed for you and your family.

Kickstart Your Career with the Global Trainee Program

This Junior Product Engineer role is part of our renowned Global Trainee Program - a launchpad for engineering graduates to gain real-world experience and grow professionally. Here's what you can expect during this immersive 2-year program:

- Diverse experiences: Rotations in 2 departments to gain well-rounded expertise.
- International exposure: A 2-week Induction Camp in Argentina.
- Learning opportunities: Access to e-learning platforms, on-the-job training, and specialized courses.
- A multicultural environment: Collaborate with colleagues from around the globe.
- Perks & Benefits

We care about you! Enjoy a comprehensive benefits package that includes:

- Flexible working options (Short Fridays and Late Mondays)
- 1 day per week of home office
- MyFlexiBenefits: Customize benefits for you and your family.
- Fixed bonuses for Easter, Christmas, holidays, and Metallurgist Day.
- Performance-based salary increases to reward your contributions.
- Transport cost reimbursement and a relocation package.
- Generous time off: 24 days of annual leave + 1 day dedicated to medical checkups.

Ready to Elevate Your Career?

Join us and become part of a multinational leader in seamless pipes. Together, we'll push boundaries and build the future of engineering.

Apply now and take the first step in your exciting journey with us!

Descrierea companiei

Silcotub SA este cel mai important producător român de țevi fără sudură de diametre mici și, din 2004, este parte a companiei Tenaris - lider mondial în producția și furnizarea de produse tubulare și servicii conexe pentru industria energetică, industria auto, sectorul de petrol și gaze și multe alte aplicații industriale.

Compania este prezentă în 9 orașe din România și operează unități de producție complet integrate, de la elaborarea oțelului în Călărași, la realizarea de produse tubulare cu valoare adăugată mare la Zalău. De asemenea, o fabrică de prăjini de pompare în Câmpina și un centru de servicii în Ploiești completează portofoliul de produse pentru clienții din industria de petrol și gaze.

TenarisSilcotub – companie parte din grupul Tenaris – este cel mai important producător român de țevi fără sudură de diametre mici, utilizate în diverse aplicații din industriile energiei, mecanică și auto. Cu o echipă de peste 1.900 de oameni în România, TenarisSilcotub are unități de producție la Zalău, Călărași și Câmpina. Prin programele de dezvoltare socială, compania investește în educație, sănătate, cultură și protecția mediului.

Tenaris:

Tenaris is a leading global manufacturer and supplier of steel pipe products and related services for the world's energy industry and other industrial applications. Our customers include most of the world's leading oil and gas companies and our revenues amounted to US \$14.9 billion in 2023. Employing around 29,000 people worldwide, we operate an integrated network of steel pipe manufacturing, research, finishing and service facilities with industrial operations in the Americas, Europe, the Middle East, Asia and Africa and a direct presence in most major oil and gas markets.
